CONTEST STARTS AT 6:30PM

thumb cannot rest on top of handle

Arm cannot be bent

Arm cannot be raised

Arm cannot go sideways or across the body

Do's & Don'ts

Beer Stein Holding Contest Rules:

1. The stein must be gripped by the handle.
2. The thumb may not rest on top of the stein handle.
3. The stein must be gripped so that the front (the side of the stein opposite the handle) faces directly away from the competitor, extending in parallel with the arm.
4. Limited arching of the back is permitted, however, only minimal leaning is acceptable. The judges will determine if you are in violation.
5. Significant leaning to the left or right side is unacceptable.
6. The stein must be held out directly in front of the competitor, not out to the side or across their body.
7. The arm holding the stein must remain close to parallel with the ground. Elbow cannot be bent.
8. The off-hand should remain straight at the competitor's side and may not touch or support the stein or the arm holding the stein.
9. If any beer spills or drops from the stein, the competitor is disqualified.

All judges rulings are final, unless bribed with beer.
